

Innovating cryotherapy solutions

# MEDICAL WRITER

IceCure Medical, an innovative and fast-growing medical device company in the field of cryoablation, is looking for a Medical Writer.

## **Job description:**

Medical Writers work alongside people from multiple departments in IceCure to develop content, write and edit a vast range of resources, ensuring that the content, format and structure of their documents comply with regulatory, or other guidelines including:

- CERs (Clinical evaluation reports) and CEP (Clinical evaluation plan)
- PMS (Post marketing surveillance) plan
- PMCF (Post marketing clinical follow up) and PSUR (Periodic Safety Update) reports
- Update SOPs as needed

## **Responsibilities:**

- Attention to details/self-directed
- Good communication skills and personal relationships, great team player.
- Ability to operate effectively in a fast-changing environment
- Highly proficient in the use of Microsoft Office applications (Word, Excel, PowerPoint) and Mendeley (advantage)
- Excellent project and timelines-management skills
- A proven ability to meet deadlines
- Clarity of thinking to structure documents so that they present complex information in a logical way
- Ability to manage multiple and varied tasks with enthusiasm and prioritize workload with attention to detail; ability to work in a fast-paced environment
- Fluent English (both oral & written), other languages- advantage

## **Qualifications:**

- At least a master degree required, preferably Bio engineering, Life science or similar
- Minimum of 3 years of relevant experience in clinical writing/publications experience (i.e., experience in the development of clinical, and regulatory documents)
- Understanding of global regulatory agencies and regulatory processes concerning medical devices

Innovating cryotherapy solutions

- Advantage: Expertise in conducting focused literature searches on PubMed, MedLine or other similar medical literature databases
- Ability to summarize complex results and present in a clear, concise, and scientifically accurate manner to a wide-range of audiences
